Tuesday 3rd December, 2019

Implement a huffman archiver with following interface:

```
huff ifile [-c|-x] ofile
```

Implement a make-file for building the archiver with 'all' and 'clean' targets.

humpty dumpty sat on a waLLLLLLLLLLL.....

code	frequency	huffman	code	frequency	huffman
\x0a	1	110101	\x20	5	111
.	14	01	L	11	10
a	3	1100	d	1	000111
h	1	001001	m	2	00010
n	1	110100	o	1	001000
p	2	00001	s	1	000110
t	3	0011	u	2	00101
w	1	11011	y	2	00000
